The Society has existing storage capacity of 400 MT ; besides, a 1000 MT godown is being established under the project of R.I.D.F. Moreover, a Seed Processing unit is being erected at the Society's premises under the scheme of AIF with view to organize agril produce procurement on a much larger scale.

In recent years , the Society has been truly impactful to the lives of the members and local folks with its economic and other activities. The Society promotes education among the poor children; during covid days the Society distributed masks and sanitizers to its members to save the underprivileged people in a remote and poorly developed part of the district.
